THE WORKSHOP

We continue to acquire fantastic equipment!

It is the New Year and we continue to acquire equipment and create excitement in our new space. Late 2018 had some super classes: ring making, pottery, encaustic, printmaking, copper etching, even personalized Christmas Ornaments! The classes have been well attended, so we will carry on into this New Year with expanded class lengths, children classes, camps and new disciplines. Thank you everyone for your support!
